Dear All

I have been asked by the North Wales Bridge Association Committee to assess the level of interest in having a Winter Teams League. I have been provided with your email addresses as the relevant club contacts but please feel free to circulate this email to anyone that you think might be interested.

There are many different ways to run such a league, playing in clubs (with home and away matches and neutral venues to minimise travel), fixed evenings for matches vs optional dates to avoid disrupting club nights etc. Teams need at least 4 players but you could enter multiple teams or have 6-8 rotating within a team for the various matches.

Please would you mind reverting to me by Friday 30th June 2017 to confirm the following on behalf of your club(s):

a. would members of your club be interested in participating in a Winter Teams Bridge League in North Wales (please confirm relevant contact email(s) if so);

b. any particular comments on how it should be structured.

Many thanks and kind regards

Andrea
