

Refreshers Bridge

Refreshers Bridge is aimed at the social player or those new to the game (1 to 2 years) who are looking to improve their bidding and play.

We do not award EBU master points with these holidays so the more hardened duplicate bridge players do not attend, therefore leading to a more relaxed and social atmosphere.

On a one week holiday we include three seminars in the mornings lasting 2 hours, leaving you plenty of free time to explore your holiday destination.

Topics covered in our interactive teaching seminars might include bidding and card play, such as Stayman and Transfers, Michael's cue bids, Ogust, finessing and unblocking.

In the evening we run a relaxed duplicate session of approximately 16 to 18 hands. The play is not too quick, with the emphasis very much on enjoyment. The evening session usually finishes around 10.30, with a friendly "debrief" over drinks in the bar afterwards.

The social and relaxed side is very much at the forefront of these holidays so come and join us and make new friends.

You never know what new heights your Bridge might reach.
