

Supervised Play (SP) is moving to two new locations from 2nd March 2019.

Wednesday afternoon SP (2pm-5pm alternate weeks as usual) will be at the new club room in the adjacent GLL main building. Come through the main doors and turn immediately left and left again. You will see two rooms to the left. We will be in the second of these two rooms. The building has step free access and all is located on the ground floor. There are disabled toilets available.

The club will no longer be supplying free tea and coffee, however, there is a café run on site close to the bridge room where you can purchase drinks and snacks. Please note this is **card payment only (no cash)**. Alternatively, you can bring a flask etc. into the room.

Please allow time to set up your table and collect a table cloth, bidding boxes etc. Also, we need to pack up at the end of the session as the room is used by different users.

I think you will find the venue very pleasant and big improvement on our current set up.

The fee per session per person remains at £5.

For details of dates etc. please visit the club website – calendar.
