

Board Minutes for Jan. 15, 2015

Meeting called to order, all members except Mr. Simrak and Mr. Boulds were present. No officers or committee heads were elected at this time. Mr. Good and several others Board members were interested in pursuing a search for another building for the club. Mr. Good reported on one such building that he is investigating.

A request was made for Adobe members to be able to see the monthly financial report. A request for a copy of Jared's contract was made.

Treasurer's report was reviewed and accepted. Asking the Club owners about chipping in on a screen door or screen window for ventilation was proposed.

Directors are again advised to designate all Non-ACBL members as A's for stratification. However, Board members with knowledge of such players must inform the directors of their names. Various problems with running the games were discussed, such as the issue to "playing directors" and what the director to table ratio should be.

Ms. Atwill reiterated her request that all Board members be diligent in welcoming new players to the club as well as have a pleasant and friendly manner at their own table. She would like new players to be welcomed and introduced by the Director of that day. Several comments by players about playing at Adobe, both good and bad, were discussed.

The next Board meeting will be February 12, 2015.

The meeting was adjourned.
