The GNT Qualifying game March 23rd went to the team captained by George Nichols (5-2) by 2 VP's when Patti Roach's (2-4-1) crew tied with Neuffer (5-1-1) on the last round. Cathy Steinaker's team won 4 of 7 matches including an opening round verdict against Neuffer and captured the C top spot. The Bea Nelson (3-3-1) team with a 5th round victory over Nichols, got the top B spot.

Directors do not live to shorten your matches because of late play. They are like good sports referees. They want the issue decided by the players rather than on procedural grounds. Directors want to see you play all the boards you're scheduled for, but they are obligated to see that everyone has a good time. If the people behind you are waiting every round, they are not having a good time. If you are running slow for whatever reason, don't take it amiss if the director shortens your match by a board. Everyone will be happier. If you run a minute over, don't be two over on the next round-and 3 the next. Talk or play-and the director will accommodate the play to your choice.
