- Computer hands appear more interesting
- Computer from time to time
- Most useful experiment and enjoyed finding out my errors!
- Like computer hands
- Found hands difficult to follow on the printout
- Useful and helped to improve my bridge
- Very helpful (re hands being available)
- Hands review is quite interesting
- Over time computer hands are fairer
- Computer hands seemed to have more unusual distribution
- Always a challenge
- Interesting to see how I should have bid
- Optimum contract very useful
- Like to look at awkward hands
- Computer hands not challenging enough, nothing to challenge when defending
- Less flat and more interesting. Like to review and learn from
