- Victory Point scale used by scorebridge is elsewhere on this site. Some players may wish to keep their score in order to check results
- Notes: For all the even numbers of tables print out the table guide cards and general instructions for each movement. This facility is at the bottom of page and to reveal it you may have to click on the top blue strip and move complete screen up slightly
- Odd numbers of teams are simple and do not need table guide cards. You will be given a number of choices of movement. Select Boards down one and EW players down two. And here you can choose whether boards move down on start or remain stationary for first round start move.

NO OF OF TEAMS	MOVEMENT	NOTES
5,7,9,11,13	AMERICAN WHIST LEAGUE	PLAYERS MOVE DOWN TWO AND BOARDS MOVE DOWN ONE
6,8,12	THURNER	USE MOVEMENT AND TABLE CARDS SUPPLIED BY SCOREBRIDGE
14,15,16	Best to use in- Complete American Whist Movement 12 rounds 24 bds	It is recommended that you use Table cards provided by Scorebridge
10	10 team special movement	Use an eight round special movement for which howell style movement cards have been written and no board sharing is involved;(24 boards with 30 in circulation) an identical movement with a ninth round is also available and there is board sharing only on ninth round.(27 boards with 30 in circulation)  The ten team stagger movement can also be used but this suffers from the disadvantage that there is board sharing by all tables on every round. Nine three board matches
The scores are entered on travelling score slips and entered into scorebridge directly when event is completed. This makes for a faster competition & avoids the hassle of Imp and Victory Point Scales. This also reduces scoring errors and the checking of scorecards.
