Yes. The Club be less "starchy" and more relaxed. Namely, play bridge without do or die attitude to win at all costs.

This is a very interesting survey and hope you get a good response

I'm impressed with this survey. Hope you succeed in generating more interest.

I am sorry if my answers are nearly all in the negative but I do not want to play daytime bridge at all. I also cannot see any benefit in shortening the sessions to 18 boards.

Whilst I like Teams, I have many conflicts on Sundays especially morning
