

Kent Youth Bridge Report – December 2021

Depending on Covid restrictions and the spread of new variants, we will need to assess the the willingness of schools to re-start bridge courses in the new year.

The 2021 South Eastern Junior Bridge Camp was held successfully on the 23rd and 24th October with Kent, Surrey and Sussex providing a GBP500 sponsorship and Sussex, in addition, covering all over-expenditure. A feedback report on the event has been circulated and it is recommended that the camp continues in 2022, and that a concerted effort be made to increase numbers. From 2021, the SEJBC will form part of a 5-event “Grand Prix” for Juniors, to try to increase numbers nationally and ensure that squad members participate as much as possible.

Yours in Bridge,

Anton
