

KCBA archives update report

Report of changes to archive since the March 2021 committee meeting.

In the KCBA people section a draft article for George Griffiths, after whom the seniors cup was named, has been prepared. It is hoped to check out the details and the article added to website in the next few weeks or so.

The trophy winners section has had all the recent 2021 winners added.

The KCBA officer's section has been updated with more details obtained from old committee minutes and the details of the main positions (President, Chairman, Deputy Chairman, Secretary, Treasurer & Competition Secretary) have now been updated on the website. A start has been made on documenting the position of Chief Tournament Director.

The Tollemache section has had two more teams from 1974 and 1975 added and the website has been updated.

A start has been made on documenting committee members from inception to date. At present details have been obtained of the original committee members (1938), those on the committee in April 1958, anybody who joined the committee between 1958 and 1983 and finally anybody who joined or left the committee since 2011. In due course details of anybody who joined between 1983 and 2010 should be obtained from the old committee minutes. Unfortunately, as all minutes from 1957 and earlier have been lost meaning anybody who joined and then left the committee between 1946 and 1958 cannot be traced.
