

## Swiss Format

You will play six 7-Board Matches and only change opponents between Matches.

Each Match is decided by Victory Points on a 20 point scale.

Your 1<sup>st</sup> round opponents are drawn at random. In later rounds you will play opponents as close to you in the ranking list as possible, subject to no-one playing a pair they have already played.

## Play With Experts Format

You and your Partner make up a 'virtual' team with an International Pair who played the hands years ago.

You will be given your 'Expert' team mates actual scorecard at the break and at the end. You then score up just as you would in a normal teams match.

Don't worry if you're not sure about Teams scoring as the Computer will also do it for you.

All North-South Pairs are teamed with one Expert Pair and all the East-West Pairs are teamed with another

There will be a N-S winner and an E-W winner. Pairs will be ranked in order of their total Team (IMPs) score.
