

## **Cliona Pryor**

In the notes of condolence for Cliona, her friends remember the lovely, warm and caring person that she was, kind and bright with a generous heart and a humorous spirit.

Her work colleagues in Temple Street Hospital spoke of her wise and intuitive words, for which they feel she will never be forgotten.

We met her daughters at our Memorial night and they spoke of the enjoyment she had found playing Bridge, though her time as a member was sadly so short.

We remember Cliona, and join with her friends and colleagues in offering our sympathy to her lovely family.

May her soul rest peacefully.

Anne Kavanagh
