

John McCarthy

On the 19th April 2022, my husband, John, passed away peacefully surrounded by his loving family after a long illness which he bore bravely and with great patience.

John loved life and lived it to the full. His greatest passion was his devotion to family. Family games and trips away provided the very best of memories for us all. He will be forever remembered for all the love and happiness he gave to me, our children and grandchildren. He will be sadly missed by all his family and friends.

Among his many interests were golf (he was President of the Portmarnock Links Golf Club), singing at every opportunity (he was a member of a Barber Shop group), sports of all kinds and bridge. We loved being bridge partners together but did not get to play often in latter years.

John was Wednesday night captain for a couple of years. Bridge for us was a social event and we always enjoyed the company and friendliness of the Bridge Club members. I hope to continue playing bridge and maybe I'll get encouragement and a few prompts from John over my shoulder as I go.

I would like to thank all of you for your kind expressions of sympathy and support at this sad time.

Mary McCarthy
