

Margaret Downey

Margaret was a member of MRBC from the earliest days. Her name is inscribed for posterity on the parchment that now takes pride of place in our club. She was one of the donors of furniture and other items that enabled the opening of the club in 1987.

When this writer was Social Secretary in those very early days, Margaret could be relied upon, ever volunteering, always helpful. Those were the glory days when we were all young and ready to party.

Margaret was a good bridge player but as some members developed into more competitive players, she opted for a more social game. Always a strong, straight talking lady, I remember Margaret with great fondness.
