Handicap is usually per pair. However, if there is only one person from a pair then the handicap is halved.

Any pair missing a session, for whatever reason, will be allocated a sliding scale score for that session.

Sliding scales are: Jan = 16, Feb = 15, Mar = 14, Apr = 13, May = 12, Jun = 11, Jul = 10, Aug = 9, Sep = 8, Oct = 7.

No such allocation is made for absenteeism in November.

Any pair with 6 or more absenteeisms will have their allocated scores removed from the final table

Absenteeism does not apply to standby pair

Ted = 17.5 / Colin = 17.5

Stephanie = 10 / Nick = 10

Ken = 7.5 / Angus = 7.5

Joan = 5
