

## Mentor/Mentee Workshops

In addition to many positive comments, two things came up in the evaluations from the first session of the Mentor Program:

- 1) Some Mentors couldn't give up their regular games in the Open but didn't like paying to play in the 499er games in which neither player was eligible to earn points.
- 2) Players wanted an opportunity to discuss the hands right after they had been played which, of course, is not appropriate in a regular game.

To accommodate both of these issues, we are introducing the Mentor/Mentee Workshops

**Cost:** Free

**Time:** 10:00am-11:30am

**When:** Wednesdays

October 11 and 18

November 8 and 15

December 6 and 13

January 10 and 17

**Who:** Current and past Mentor/Mentee Partnerships

**What:** The boards from the Tuesday night game will be played so that there will be hand records. Time will be allowed to discuss the hands after play.

Many of the Mentees enjoyed playing in the Open games with their Mentor. It gave them confidence to play up and was a good way for them to meet the Open players. These workshops are in addition to or an alternative for playing in regular games.
