1. Colin gave a brief outline of his thoughts on the Tollemache. It was decided to rethink the idea of a 5th pair - not to play an equal number of matches but to cover in case of illness and give experience. This brought up the subject of expenses. It would not seem right to ask a pair to fund the weekend & only play 3 or 4 matches. In general maybe the County could redirect the money saved from abolishing cash prizes to awarding say £50 to any player representing the County to help towards accommodation/travelling expenses.
2. Colin gave an overview of the W. League results to date:
Division A have won 2 & lost 1
Division B have won all 3
Division C have lost all 3
The results are not unexpected as the selection for A is to try to win; for B to have a squad each having at least 2 matches over the season; while for C selection is more to give aspiring players an experience and reward participation in County events.
The performance of various pairs was discussed as a prelude to selection for the last 4 matches.
3. The rest of the meeting was given over to choosing our representatives for the Devon, Cornwall, Dorset & Avon matches. These will be published shortly on the website.
4. There being no further business the Chair thanked Mike for his hospitality and closed the meeting.
