

Surrey Simultaneous Pairs – February 2017

This document is for the person organising the event for your club and, if different, also the person responsible for dealing the boards. In addition your club Treasurer should also be aware so that payments can be made promptly.

Thank you for entering your club for this charitable event. We ask that you request a minimum of £2 additional table money per person for each session that you hold. The total profit from this event will be donated to Charity (To be advised)

Key points

Key points for the organisation of the event:

- The EBU will be doing the consolidation of all the results. For this to happen your club must have registered with the EBU for the specific day(s) when you plan to hold the event.
- Five sets of boards have been created completely at random. One for each day of the week.
- Please remind your players that they may enter this event on any one, all, or any combination of the days of the event, but that they must not enter more than once on the same day.
- The hands are different for each day of the week so if your club has entered for multiple days please take care to use the correct boards for the correct day.
- If you are running more than one session on the same day then please ensure that no person attends more than one of these sessions.
- If one of your sessions takes place during the day then please do not provide handouts or publish the results until the late evening of that day.

How to enter

You should enter via your club's page on the EBU website.

Files provided

The following files for each session your club has entered will be available from the EBU website:

- deal files in the following formats: .pbn; .dup; .dlm
- hand records in .pdf format
- curtain cards in .pdf format.

If you require anything in addition to these please contact the Sim Pairs organiser at the address below immediately. Please note that no booklets are available. So if you order any from the EBU you will not be charged.

Movement

Any one or two winner movement may be used. The deal files provided contain hands for 36 boards. Please do not use more than these 36 boards.

Submission of results

Submit your session results to the EBU for Pay-2-Play purposes just as you do for your normal club sessions, but please do not do this until the late evening of your session. That is all you need to do, when entering the results the EBU system will ask for confirmation that you are entering the Simultaneous Pairs event for that day and once that has been confirmed those results will be consolidated with the results from other clubs for that day and will be displayed on the EBU website.

You of course will want to load your club results to your website if you have one. Please do not do this until the late evening of the session to which it relates.

Master points

The EBU will award master points at club level based on your Pay-2-Play submission as normal. In addition the EBU will calculate and award enhanced master points for the consolidated results. Please ensure that any visitors or new members supply their EBU number to you to ensure they receive the correct master points.

Display of results

The consolidated results will be shown on the EBU website under Sim Pairs and will be updated as the submissions from individual clubs come in.

Payment

Please note, that late payment generates a significant amount of unnecessary work at our end in chasing up clubs, so as soon as possible after you have submitted your results please arrange for an electronic payment to:

Sort code: 40-16-05

Account: 11589776

Payee: SCBA

Reference: *your club name* - SimPairs

Or if you would prefer please send a cheque made payable to SCBA to the SCBA Treasurer at the address below identifying to which club the payment relates.
