

Post-Mortem Pairs with Peter Clark* at Welwyn Garden City Bridge Club

What is post-mortem pairs (PMPs)?

At PMPs a total of 15 pre-dealt boards are played at each table, just like a normal duplicate session. After three boards Peter reviews the hands on the OHP screen giving essential advice on bidding, declarer play and defence. You remain at the same table repeating this process until all 15 boards have been played. A copy of the hands is available at the end of the session.

You don't need to turn up with a partner as there are often spare players. All levels welcome but to gain the most benefit from the session you need to be playing duplicate pairs regularly.

PMPs run 10am-1pm every alternate Friday morning. For more information on session dates visit the website at: www.wgcbridge.org.uk - Tuition

Cost: just £4 per person per session.

PMPs is a must have session for anyone serious about improving their pairs duplicate play and results!
