Best Behaviour outlines what is expected of Players at the Bridge Table – and acknowledges the ACBL

With thanks to the ACBL for the work they have done in this area.

Administration is for the Administrators to manage the site and for Directors to upload results.

It also provides Statistics of Site Visits that we hope to see increasing as more players see the value the site provides to them.

Bridgewebs has lots of information including News from the developers and the Clubs around the world that use this service – we're in good company!

Any important Documents for Club Member's use will be accessible from a Menu Entry directly under Home Page.
