The lessons are going well and plans are in place for the coaching series that will follow. Details will be available on our website and at the registration desk at Duplicate Lite. .

3. Table Etiquette: Opening Leads

As a gentle reminder, making your opening lead before you write down the contract or enter it into the Bridgemate is a courtesy and respect to the declarer and others at the table, helping everyone have a little more time to think and keeping the game running smoothly.

We have mentioned this in the newsletter before and even placed notices on the tables, but old habits die hard! Does anyone have any fresh ideas or clever ways to encourage players to lead before writing? If so, please share your thoughts with us!

4. Special Games Ahead

We have some special games coming up! Specifically, these games will give those of you looking for silver points a great opportunity to earn them. Please check the website for details! There is a special game about every second week from now until the end of the year.
