

## McKenney signalling

- Used when you cannot play the suit led
- You wish partner to lead a particular suit to you when she has the lead
- Use a card in another suit, rather than wasting one of the suit you want
- A high card asks your partner to lead from the higher of the remaining two suits
- A low card asks your partner to lead from a lower of the remaining two suits

## McKenney signalling - examples

Card led – that I have none of	Choice of signals					Suit I would like partner to lead to me
