

**Wendy Leverett, Lincolnton, GA, Unit 202—**

From the moment she entered the bridge community in 2010, Wendy was a natural for the Goodwill Committee. Wendy spread goodwill amongst her many new friends by using her native organizational talent to arrange partners, teams, transportation, and lodging. It took just over a year for her to make Life Master.

As her bridge game has developed, she became more interested in giving back to bridge. She has helped out at tournaments in the prize room, photography, hospitality suite, and coordinating newcomer events. She assisted with the charter Youth Bridge Program in McCormick. She is an active member of the District 7 Goodwill Committee and chairs the Entitlement Committee for District 7.

With a smile on her face, she walks into a sea of bridge players, greeting everyone. How she manages to buy her entries on time and keep her partnerships straight is a mystery due to the number of people who can't wait to tell her their stories, both about bridge and real life.
