## Information for Captains

### Alert

All alertable bids must be pre-alerted (press the alert button before making the bid). Giving an explanation is not compulsory unless it is an extra-ordinary bid.

For example if you are playing forcing NT over major openings (which is very common) alerting should be sufficient (if needed opponents can ask for explanation), but if you are playing 1NT transfer to X, only alerting is not enough. You have to type the explanation before making the bid. We strongly recommend you try to help opponents giving sometimes the simplest of information.

For example, if you are opening 1♣ with 2+. At least the first time you do it, just type “2+” in the explanation box when you make the bid. Only alert your own bids, do not even attempt to explain your partner’s bids. Alert explanation space is limited on BBO, if opponents ask for further clarification using private chat respond privately, not on table chat. (Of course, unless opponents asked on table chat), If you are playing an unusual system make sure you pre-alert it before you start bidding the first board, including but not limited to: Variable or weak NT openings, strong ♣ or ♦ systems, 4-card major systems like ACOL, playing unusual honor card leads like Rusinow or low from a doubleton ....

### Systems

HUM, Browne stickers systems, Forcing Pass Systems, Random Openings, and Encrypted Signals are not allowed all the time.

Players can’t consult their system cards or notes between the start of the auction period until the end of the play. Exception: players may consult their defence notes vs 2♦ multi opening.

Psychic conventional opening bids are forbidden

### Codes

If you want more information about an opponent’s bid, whether or not it was explained, you should send a private message to the opponent who made the bid asking for clarification.

Requesting information may be made at any time, at the time the bid is made, when the auction concludes, or any time during the play as long as it is a private chat between one opponent and the bidder.

If players explain bids via chat they should set the recipients to Opponents, not Table, so that only opponents see the explanation, not the partner. But the best way is to explain the bids via the BBO alert mechanism.

### Line up

All line-ups are blind and a personal line-up form ( [link](#) ) for each team including all the matches will be sent to the team captain to keep the link as it will be used each time, the team captain will choose 1) the match number, 2) pick the players from the given name list and players preferred direction ( North, South, East or West ) and submit it at least 60 min before the match starts.

## Two Important Pieces of Information For Captains to Note

Very important notes, Kindly circulate to all of your players

1. The BBO accounts for the TDs are as follows :  
ABL, ABL\_1, ABL\_2, ABL\_3, ABL\_4 and ABL\_5
2. At the beginning of each match/session, the TDs have to start more than one table at the same time in order to host all the championship matches and they place the players in their seats according to pre-sent line-up.... Sometimes, we have a late offline players (please check the event regulations for penalty of late arrival at BBO) and this may cause some delay in the other matches/tables.

In order for the TDs to avoid this, they will hold an empty seat for you and they will move to host another match and then back to the late table. For that reason, it is quiet normal that your players might have a message from the TD through the BBO server with the following text

*Want to substitute*

*Would you like to play in Teams tournament # xxxxxx Teams "ABL Mixed Teams Championship as a substitute? Your partner will be xxxxxxxx"*

YES NO

Please alert your players to accept this request ASAP.

### \*VERY IMPORTANT NOTES \*

The BBO Management recommends that you wait in the main section of BBO when you are about to receive an invitation to play. Different areas of BBO are managed by different servers, so if you are located in the casual section the system may read you as being offline even if you are online.

Also, we use a special procedure in order to make sure that all of our matches are starting at the same time. We start inviting players and set up the team match some minutes before the official starting time. This may result in your partner already sitting (and waiting) at the table of the ABL Mixed Teams match while you are still in the lobby. That is totally normal, and is done in order to be more precise on the starting time. We kindly ask all players to just stay in the lobby (main section of BBO or in the competitive section ) and wait for our invitation.

## Undo regulations

1. The undo button is activated from the beginning
2. Click the undo button to stop the play instead of typing STOP at the table chat.... It will be used just as a stop button.

5. The TD will instruct the opponents whether to accept the undo or not.
6. The TD will keep counting the undoes for each player, only 2 undoes are allowed for each player during one session.
- 7. If the opponents accept – before the TD arrival - , play continue but they might be penalized and all parties forfeit their rights for any kind of rectification later on.**
- 8. If the opponents don't accept – before the TD arrival - , play stops and the TD decide what is to be done.**
