

Thank you for your recent message regarding my club master status achievement. I began lessons in September 2018 and started playing competitively at our local bridge center in December of 2018. Thanks to a wonderful teacher and life master Mickey Groggel I have learned so much and absolutely love the game. I'm still such a novice but love the challenge of playing competitively. Thanks to BBO on line I have been able to play competitively and casually to continue to develop. Your bulletin is great too!
Thanks again!
