

My search for something mentally challenging after my retirement caused me to try Bridge.

I had never played before or even sat down at a Bridge table.

"Learn Bridge in A Day" was advertised in our local newspaper. I showed up. Those in attendance were very welcoming.

Judy Robertson was the presenter and obviously very effective. That got me started.

I attended several workshops taught by her. She was very kind, welcoming and encouraging.

Other club members and especially my most recent mentor, Jo Portie have enabled me to reach

this first platform. In spite of a Pandemic and two hurricanes, Bridge has given me many smiles.
