

Played Bid-Whist in college over 50 years ago. Never had played the game of Bridge before.

After my 2nd retirement in June 2019, I took the advice from a dear friend who is a 20-year Bridge player, and I took a Beginner's Bridge Class at OLLI-LSU. Loved it! I bought several Bridge books and daily studied the game. Nervously, I joined the BR-Bridge Club in January 2020, and I also became a member of the ACBL. When I began to receive the monthly Bridge Bulletin I read and studied most of the articles. When our local Bridge Club was closed due to the pandemic, I began to play online more and more and on several different sites. Have taken several lessons on Zoom. I am now thankful that I have found a regular Bridge partner to continue my journey!
