

I have been playing for about 60 years, learning from my parents and watching them play in their bridge club but it's was social bridge. In the 70's my ex husband and I played in our first duplicate game in Nashville on Charlotte Ave.

I only began playing serious duplicate bridge in 2015 in Winter Haven, FL and later in 2018 in Chattanooga TN. I moved back home to Nashville in 2019 and became active playing at the Vanderbilt Bridge Club.

I was so thrilled to make Life Master at my home club on the last day of the regional tournament. Vanderbilt has been an awesome place to call home!

Thank you for your letter.

Mary Ruth Smith
