Q of hearts lead, you ruff the 3<sup>rd</sup> heart, pull 3 rounds of trump, ending in the dummy. You must now tackle the diamond suit, how?????

---

If partner leads a low card in one suit, gets in and shifts to a low card (showing strength) in another, partner wants a return in the second suit. If partner shifts to a high card in the second suit, (top of nothing perhaps), partner asks for a return in the first suit.

One doesn't lead the same against 3NT as against 6 NT. Against 6NT avoid leading from an honor unless you have a sequence.

When returning the suit partner has led, with 2 cards remaining return the higher, with three cards remaining, return the lowest.
