

## **Come Play! Adobe Face-to-Face Mentor Game**

First Wednesday of the Month (except, the *first* rebooted Mentor Game will be June 29, 2022, and the second will be the first Wednesday in August – August 3, 2022).

The Mentor Games gives beginning and intermediate players, called mentees, an opportunity to play with a more advanced player, called a mentor, and receive personalized tips and coaching at the end of the game.

Please join us the first Wednesday of each month to play in the next mentor game.

The program coordinator, Vicki Greiff, will pair mentees to mentors for those who need a mentor for the game.

### *Mentees*

Do you have less than 500 masterpoints and are not a life master? If so, this is your opportunity to be paired with an advanced player and receive personal tips on how to improve your game!

### *Mentors*

Do you have more than 500 masterpoints? If so, this is your opportunity to be paired with a less experienced player and to offer them personal tips on how they can improve their game.

### *How to sign up*

To make a reservation, email Vicki at [adobementor@comcast.net](mailto:adobementor@comcast.net) with the information requested below. Sign up early, as reservations are limited to the number of available mentors. You should receive a confirmation email within 72 hours of your request. In the unlikely event that you do not, please send a second request.

The following information is needed for everyone who signs up: email address, masterpoints, contact phone number.

### *Cost*

The entry fee is \$4. The mentee pays for the mentor, so the mentee will pay a total of \$8.00 for the game.

### *Deadline for Sign Up*

Mentees who will bring their own mentors should make a reservation by the Sunday before the game.

All others (mentees and mentors) without a partner need to make a reservation by the Wednesday before the game (i.e., one week before the game is held).

Several days prior to the game, you will receive an email with your pairing assignment (including your partner's contact phone number, email address) and additional instructions to help you prepare for the game.

### *Before Game Day*

Mentees and mentors should review their convention cards before the game and are encouraged to pre-arrange a time, convenient to both, to go over points of play and bidding after the game.

### *Game Day*

Come for lunch (typically pizza) at 11:30. The game will start at 12:30.
