

Adobe Bridge Center Library

Club members can search the catalog electronically from the comfort of their homes. It's easy!

Step 1: Access the Library Website

Go to <https://www.librarycat.org/lib/AdobeBridgeCenter>

Find a book you want to borrow. Search using title ("Points Schmoints"), topic ("defense") or author ("Kantar") or click the links below the search box for common searches.

Step 2: Set Up Your Patron Account

Once you find a book you wish to borrow, click on the "Request Patron Account" button next to that book. Your request will be sent to the administrator, your account will be created, and you will be notified.

Step 3: Check Out Your Book

To borrow a book, click on the "Check Out" button. The system will ask "Who is checking it out?" Click on your name. (A pop-up box will ask for a password. Enter "Adobe.")

The next time you visit the Club, take your book from the shelf, and enjoy it for 21 days.

Note: If you are in the Club and see a book you want to borrow, take the book home and check it out in the system as described above. It's the same process, only you borrow the book before officially checking it out. This is an honor system, and we know everyone will comply.

Step 4: Renew or Return

You will receive an email reminder when your book is due, and you can "renew" the book up to 4 times if you are not finished with it yet. A renewal period is 10 days.

When you return the book, please do not reshelve it. Return it to the office to the **Library Returns box**. Enter your name in the logbook. We will mark it as "returned" and reshelve it. If you are returning books borrowed before this reopening or donating them from your personal collection please don't shelve them, we will need to enter them in the database.

Don't Have Computer Access?

If you do not have computer access, you can still borrow from the shelves and notify the Club. We will create your Patron Account and record the book as checked out to you.
