

Come Play! Adobe-Duncan-Barr Pro-Am Mentor Game

First and Second Tuesday of Every Month

The Pro-Am Mentor Games give a beginning and intermediate player, called a mentee, an opportunity to play with a more advanced player, called a mentor, and receive personalized tips and coaching at the end of the game.

Please join us on the 1st and 2nd Tuesdays of the month, in the morning, to play in the mentor game.

Mentees

Do you have less than 500 masterpoints and are not a life master? If so, this is your opportunity to be paired with an advanced player and receive personal tips on how to improve your game! Note: All mentees should have previously played on BBO several times in a competitive game.

Mentors

Do you have more than 500 masterpoints? If so, this is your opportunity to be paired with a less experienced player and to offer them personal tips on how they can improve their game.

How to sign up

Only **mentor/mentee pairs** can sign up for these games. Signup links are available on the website. A BBO game will be scheduled ONLY if 8 pairs sign up before the deadline. If there are fewer than 8 pairs signed up by the deadline, the game will be cancelled. If the game is a go, new pairs can sign up after the deadline or can register to play on the day of the game.

If you are a **mentor** who does not have a mentee, and you want to volunteer to play, click on the mentor sign-up link given on the website. If you are a mentee who does not have a mentor, you can find a **list of available mentors** by clicking on the link on the website. Contact the mentor to confirm his/her availability before signing up as a **mentor/mentee pair**.

Cost

\$10 for the mentee who pays for mentor (\$5) and self (\$5)

Deadline for Sign Up

The deadline for signup is the Sunday before the game is held.
