

BCOH AMBASSADOR PROCEDURE

BCOH furnishes one ambassador for each F2F game for players who arrive without a partner. Arriving thirty minutes before the game time is helpful. If two players arrive without partners, they will play together. If a third player arrives, the first two players will play together, and the third will play with the ambassador.

Please do not attempt to pre-plan a game with the ambassador, because one never knows how many players on a given day will require a partner. Although we attempt to furnish you with a partner, we cannot guarantee a defined period of time to prepare your convention card. In case of questions, ambassadors are placed at the discretion of the game director.

We regret we cannot provide ambassadors for special games which require advance reservations.
