

Let's Delve Deeper – July 2022

Improve Your Bridge Memory – Ron Klinger

As many of us can attest, we all relate to the comment “If only I could remember what has been played!” The blurb indicates that Klinger shows us the way to improve our Bridge memory, hence our game.

Three sections cover different grade of expertise – beginners, intermediate and advanced. So, something for everyone.

Roman Keycard Blackwood – Barbara Seagram & Linda Lee

Two copies of this book were purchased because of members wanting to know more about Roman Keycard Blackwood. A little book and very easy to read. Included are quizzes where you can practise by yourself and specially selected hands where you can compare the results with the recommended auctions.

Bridge 25 Steps to Learning 2/1 – Paul Thurston

As you know how to bid Standard American, making the move to the Two – Over – One system is an option to improve your Bridge. Included are summaries and quizzes after each chapter.

Playing 2/1 The Rest of the Story – Paul Thurston

Adding on to the above, this text explores comprehensive no-trump and major - suit raise structures and XYZ, the most up to date version of New Minor Forcing.

Multi Two's pamphlet x 5 copies – Derrick Browne

These will be placed in a separate package with its own borrowing card attached.

Play it Safe: Making Sure of Your Contract – Barbara Seagram and David Bird

Playing it safely can take many forms and these are discussed in this book. Situations included are, for example: choosing the best percentage line of play; keeping one's opponent off lead; preserving entries or even giving up a trick you don't have to lose to bring the contract home.

Barbara's Bridge Tips – Barbara Seagram

The tips in this book cover bidding, play and defense using examples drawn from material developed over 20 years of experiences.

Counting at bridge: the easy way to improve your game – Dianne Aves

'This book introduces the concept of counting for newer players and helps them to begin acquiring a skill that is critical to their becoming better players.'

The Big Payoff: Slam Bidding at Bridge – Bill Treble

'Slam bidding is perhaps the most exciting part of Bridge, but at the same time it is the most technically challenging.' In this book, the author introduces some useful agreements and conventions.
