

Beverly Hills Bridge Club  
Board Meeting Minutes  
7/19/20

Members Present:

Marcia Fisher, Lee Hausner, Nancy Heck,  
Susan Lava, Dawn Lee, Julianne O'Connor  
(part-time) , Stephanie Campbell

Club Manager:

John Ramos

John's report:

Virtual clubs are diminishing everywhere. We need to be realistic as to what we can and cannot do. Education is key to the future for us as a club. Shark Bridge looks promising. It has so much functionality you can do almost anything you can think of. We need to brainstorm about marketing to existing and new players. It has a chat function.

Nancy is going to start using Shark for lessons in a couple of weeks. She is looking at starting with 2 classes.

John said there's no harm in going ahead. Shark will evolve and we can evolve with it.

Susan gave the Treasurer's report.

Marcia said she is making outreach phone calls. People asked if the green tickets they are holding can be applied to online games. They can't but Lee moved, Marcia seconded and we agreed to send out an email (which has now gone out) telling people they can mail them back and we will issue a refund.

We discussed Julianne's timeline for moving forward and we agreed to keep following it.

The meeting was adjourned.

Respectfully submitted,

Stephanie Campbell  
Secretary
