

BHBC Minutes, October 23, 2016

Board Members present: Mike Abeles, Herb Ehrmann, Marcia Fisher, Nancy Heck, Alan Schneider and Karen Schwartz

Treasurers report: August and September were profitable months. The table count has increased for both August and September.

Managers report: We are working on the problem with flies and fruit flies. Supervised play for beginners will begin October 29 after the beginner lesson by John Ramos. Alan Wollman will give lessons on precision bidding starting Friday morning, November 11, a series of four at \$100 or \$80 if you pay in advance.

New Business: Andrea McNichol and Eileen Miech presented a petition to change bridgemates back to showing bids and results instead of percentages. They researched and found most all clubs in the Southern California area show results. They gathered about 100 signatures from the evening and weekend players. Day players have also shown a desire to show results. The board voted to go back to showing results on a trial basis.

The coffee has been weak. We will buy a new coffee pot if the situation can't be remedied.

We discussed the possibility of putting on a seminar by expert Larry Cohen.

Our next meeting will be Sunday December 4 at 10:30a.m.

We wish you a pleasant bridge month.
