

Michael Clarke

from the Manchester County Bridge site

We are sorry to report that Michael Clarke died on 17th April 2019 of pancreatic cancer. Michael was a long standing member of the MCBA. He was primarily a rubber bridge player but had been a member of Kath Nelson's Agamemnon league team for many years, playing with Martin Braid until Martin's death a few years ago and then with Jeff Morris. The team always placed well in the league, winning in 2007 and finishing second this year. Michael was also on the Goldstone Trophy winning team in 2007 and won the Gazette Trophy a couple of times on Manchester Bridge Club teams. In 1982 he won the National Masters Pairs with Jeremy Wyndham. Our condolences to his wife and family.

Michael played in and won the Junior Camrose in 1981
