

Jill Kulchycky RIP

We have the very sad duty to report the sudden and untimely death of our dear friend Jill Kulchycky after a short illness. Jill was one of the region's and Ireland's top Bridge players, attaining the rank of Life Master and representing Ireland at International level on a number of occasions. Only a week before her death Jill and her partner (Teresa Rigney) won the Irish Trials earning the right to play for Ireland in the European Championships in June. The previous week, she had been part of the Ladies prizewinning team at the Holmes Wilson.

We were honoured to have had her in the Eastern Region for over 30 years. Another great bridge player taken well before her time, Irish Bridge has lost another of its truly Great People.

Jill will be sorely missed and we extend our sympathies to her mother Bridie, sister Alison and family, and her many bridge friends.
