

Olive Goodall

d 1968

The sad death of Olive Goodall is a tragic loss which will be deeply felt by all her many friends in British and Surrey Bridge.

Outside Surrey Olive will be best remembered for her success in winning twice and running up once in the Whitelaw Cup and for winning the Lady Milne twice (1957 & 1965).

In all these she was partnered by Joyce Evins and her death puts to an end what must have been one of the longest, happiest and successful partnerships in women's bridge. Olive is deeply mourned by her husband and by her married son and daughter both living in America.
