

BRIDGE CLASSES LIVE

www.bridgeclasseslive.com

New BEGINNERS CLASS starting 6.30 pm

Tuesday 14th September 2021

At home with time on your hands? Why not **LEARN TO PLAY BRIDGE** in a small friendly online class? Bridge Lessons are weekly and are based on ACOL duplicate bridge. We follow the EBU's structured [Bridge for All Course](#).

Lessons for BEGINNERS, starting **SEPTEMBER 14TH 2021**, are Live and Interactive.

In the Winter Term we use the Zoom platform to present and discuss the Lesson, and a software package called Handplay to work together on practice hands.

In Spring and Summer terms, after the Zoom presentation, we use the Real Bridge Platform to enable students to sit at virtual tables and play the practice cards themselves, seeing and talking to the other players. Real Bridge really is as near to playing Bridge at your local village hall as you can get. It's fun, sociable and keeps your mind active.

Thinking about it, then have a closer look at our Purple Page Club Website

www.bridgeclasseslive.com

There, you'll see the various activities that are available once you've reached certain stages of your Bridge development. Learning a skill is all about practicing it correctly so we provide lots of chance for you to do that from very early on.

In the first few months we tie up with No Fear Bridge (you will get free membership to start with) where you will have your own class group area and appropriate practice each week.

As you progress further, there is the Purple Page Club Lounge which is open 7 days a week 24 hours a day for you to practice with some of your classmates.

Later again you'll join in the Supervised Play Classes, and eventually the Casual Play Classes all of which are exclusive to our Student Members.

PLEASE NOTE: ALL OF THESE ADDITIONAL OFFERINGS ARE OPTIONAL, and players drop in when they want to, or when their other activities permit! The only commitment is to the weekly Teaching Class you sign up for, and of course there will be times understandably when your attendance even at that, is interrupted by life!

For more information or guidance please contact me.
