

Lytham Bridge Club Survey Results

144 responses

When we return to face-to-face bridge, how often do you expect to play at the club compared to before the first lockdown?

140 responses

Which of the following sessions would you be interested in playing in? (tick all that apply)

139 responses

Are there any evenings, apart from Wednesday and Saturday, that you might be interested in playing in? (tick all that apply)

74 responses

If you would like to play in an evening session, what would be your preferred start time?

137 responses

If we started running morning sessions, would you be interested in playing in any? (tick all that apply)

130 responses

Would you be interested in playing on a Sunday?

135 responses

Do you think the tea break is an essential part of Lytham sessions?

142 responses

Do you think we should offer prize money for each session?

143 responses

After we re-open, would you continue to play online bridge?

138 responses

Would you be interested in playing in a Lytham BBO session on a Monday and/or Friday evening?
(tick all that apply)

128 responses

If you have any suggestions or comments, please add them here.

Thank you for setting up BBO enabling us all to play bridge and keep in touch during this last year consider holding some green or blue pointed events
perhaps replace prize money with a free game limited to 2 pairs
What is a BBO session? Are you expecting a surge in membership?
I would certainly play more evening sessions if these were available.
Judging by the new members we will require more social bridge sessions
It would be great if you could offer Wednesday and Thursday afternoon sessions.

Thank you to all the Committee for the time spent on sending Newsletters, improving the club premises and the effort that is being made towards a successful reopening. Thank you.

Summer is always going to be harder to commit to rather than Winter. Happy to play in smaller groups on BBO if the whole club didn't want to commit to the sessions

Is there any plan to insist on vaccinations before people can play ?

're question 9, no option available to me!

I am delighted with the response & support which has been given to members during the pandemic

None

Monday/Tuesday would only be one session per day, either morning, afternoon or evening

In my view It has been demonstrated that Playing matches in far flung venues no longer requires travelling for a substantial time in dark winter months probably in bad weather thereby encouraging the elderly and infirm to play on the internet. This would open up more and frequent matches for those that relish such activity. Furthermore it might well avoid the necessity for the host to turn out rather than stay at home and play online with a player physically in the club premises. It would require a spare computer in the club premises of course. It should not be beyond our wit to email the cards dealt to the "host at home". Further it would enable the sick or elderly to take part in the same way in a sort of hybrid Bridge Club.

Have moved to New Zealand so will not be renewing membership. Thank you for the comradeship and bridge.

I would love to play online on Tues evenings. Sat evening at the club would only be of interest occasionally.

Would only play maximum of 2 or possibly 3 sessions per week

my response would change in the winter when I have more time available to me

I would like to continue the competitions aimed specifically at improvers on either BBO or at the club and also maybe some friendly sessions.

As a beginner i have been happy to have a lesson with Bill one morning a week and then play on a Tuesday evening. At this time I would be pleased to continue at this level.

Everyone should have proof of vaccination

at every session,everyone should have to show evidence of covid vaccination,before being admitted to the session.

New member, I have answered without knowing individual sessions etc.

Not played any on line sessions, but I've played on BBO site and found bidding difficult.

Will there be any improver sessions, topics to revise then sample hands

Enjoy Wed evening BBO sessions

I think that it will be important to keep an open mind about adjusting sessions, timings, etc, in the light of experience a small number of months after we have resumed face to face bridge.

We may not attend at all until all restrictions are lifted. We would not want to wear a mask, for example.

Morning improversessions

afternoon or morning online session would be ok

Could we have an on line session on Thursday?? Thursday seems to be a blank day otherwise.

I am bothered about how we would be protected whilst handling cards and bidding boxes

The timings of the sessions are not as important to me as the level of play at the session.

I would choose a session dependent on level of play not time of session. (Intermediate level).

I would be willing to TD a session I attended on a regular basis given the appropriate training or deputise for a TD.I had a little experience running a session at Clifton Bridge Club.I am glad some consideration is being given to extending the number of sessions.

Some of the answers I would have been a "don't know". I left those blank.

Drinks - tea coffee should be available - self serve .

Perhaps some sessions should be available during winter months only - particularly afternoons.

Perhaps BBO could run some afternoons at the same time as in the bridge room. Thank you

I'm very keen to continue with online bridge, which has been great; perhaps combined with some daytime sessions at the club.

My answers are of less relevance as I work at Warton and am away from home. I may be working at home much more in future which will give me less opportunity to play at the club. However on line is still very much an option

The survey got stuck in Spam - that is why had not answered
