

PRESS RELEASE

TO ALL BRIDGE PLAYERS and BRIDGE CLUB SECRETARIES

BridgeClubLive is adding ClubCentric facilities for F2F players whose clubs are closed and wish to play online.

- Until 31st March, Face2Face club bridge players who wish to continue playing bridge can do so online at BridgeClubLive at a special introductory rate of just £1 for 30 days.
- Club Secretaries are now invited to Register their Club so their members can then add their Club affiliation to their Profile. Members can then continue playing as if in their club with their regular partner from the comfort of their own home.
- The Main DIDO (DropinDropout) Tournament Room provides a fully approved automated movement to any partnership with a minimum commitment to 4 boards at each sitting and a minimum of 16 boards during each 1 day Session to be listed on the Leader Board. All boards played are fully archived, and can be replayed at any time and compared with all others who have played the same board.
- As a CLUB FACILITY, a dedicated Ladder for each registered club will list the results for all those club members as a subset of the overall DIDO Tournament result. Each Club will have it's own single Web page with information, specific to that club and a list of players' ALIAS's who have registered online.
- All the other regular tournament rooms including a social room are also available and additional features and improvements geared towards each club will be rolled out according to demand and feasibility.
