

Openers 2nd bid

Assume

12-14 NT

1NT Rebid = 15 -17

2NT rebid = 18 -19 over a 1 level response

2NT rebid = 15 -19 over a 2 level response

2c checkback over a 1NT rebid

3c checkback over a 2NT rebid

Suitable for Pairs or Teams, 4 or 5 card majors.

Vulnerability not an issue.

Objectives of your 2nd Bid

- 1) Tell partner your strength
- 2) Tell the opposition as little as possible
- 3) 3NT is normally better than 5 minor
- 4) 4 hearts or 4 spades is normally best, if 8+ cards

Suggested Answers page 1

- 1 - 1NT - showing 15 - 17 pts, may have a 4 card major, partner can ask using 2c checkback.
- 2 - 2S - better than 2c. partner will be ruffing in hand with short trumps and partner can always bid NT if flat which you can leave.
- 3 - 2NT showing 18-19 pts , best descriptive bid, partner can ask with 3c checkback if they have a 5 card Spade suit and bid 3S with 6 card suit.
- 4 - 1NT should be 15 -17 pts BUT a better bid than 2c. You can add a point for such a good club suit.
- 5 - 3d a jump should show a 5 -5 hand with enough for game, if not 5-5 bid at lower level or NT's
- 5a - 2NT as mentioned in 5 better than reverse. partner can ask with 3c checkback.
- 6 - 2NT 18-19 pts. Why tell the opposition you hand when partner can ask with 3c. Partner should have bid a 4 card major instead of 1d if weak.
- 7 - Dble not penalties but shows extra values. If partner bids 2d then bid 2S not 2H . If partner had 5S + 4H they would bid H over the Dble.
- 8 - 3NT partner has shown 4H with the dble. do not worry about suits not bid by opposition (diamonds) Bid what you think you can make.
- 9 - Dble showing a good hand that can stand any suit bid by partner

Suggested Answers page 2

- 10 - Pass Partner has passed and on your left could be sitting with a lot of spades waiting.
- 11 - Dble Always try to re-open with a double as partner may like to pass that with diamonds.
- 12 - Dble partner did not double 1S showing 4H so you need to tell them you have extra points
- 13 - Pass partner has passed 1S, it's likely opponents have a misfit and maybe even a heart contract
- 14 - 4S you has become massive. Partner has a void/singleton heart and 5S (would have doubled 1H with 4S)
- 15 - Dble show extra values and let partner decide where to go.
- 16 - 3H As you have agreed Spades then 3H is a trial bid looking for a game in Spades, partner will decide.
