

# CAMBERLEY BRIDGE CLUB

JAN18 NEWSLETTER (005)

## CHAIRMAN'S NOTE

Hi all and welcome to the Camberley Bridge Club Newsletter!

To keep things a little less formal, your Committee has decided to keep the newsletter, but turn it more into a news blast!!!

We hope you enjoy the following letter to keep you informed.

Best wishes,

Val Foster

## MEMBERS' NEWS – VAL FOSTER

Rodger Hughes and his wife Liz, taken in FP Café

I went to see Rodger in FP last night, the first time he has felt up to a visit since his major stroke in mid November. Liz is hoping to get him home sometime soon and says that with physio and therapy in the last few weeks, he has come on in leaps and bounds. Rodger's speech has improved, though his vision and memory is still limited and it is unlikely that he will get the use of his right arm & leg back. The good news is that the Non-Hodgkins Lymphoma is now inactive and he has not needed a transfusion since the stroke - mystifying the Haematologists. And Liz reports that his character and sense of humour is intact, thankfully.

## HOUSE KEEPING – VAL FOSTER

- It is not intended to produce the Membership Booklet again - due to cost and the time-scale involved in production. Details of members' telephone numbers and the yearly programme are now available on our Website, along with the yearly programme and other information, under the password protected "[Members Only](#)" section on the drop down menu. Instructions of how to get into this are included in the Newsletter sent in December 2016 - click on "[Camberley News](#)" to access this. Members who prefer a printed copy will be able to print a list of names & phone numbers and the programme for their own use. Please ask if you need help with any of this. The advantage of member information being on line is that changes of telephone numbers can be instantly updated by management or by members themselves. (Hazel Robert's new telephone number is now shown there).
- We provide disposable cups (which must be binned after use) but any member who wishes to use china mugs must themselves be responsible for washing, drying and putting them away afterwards. Some members aren't complying with this and if this continues, we may sadly have to ban the use of china mugs.
- Please do not park in any marked spaces ie, the staff parking area, disabled space (unless you have a blue badge) or the ambulance space. We are fortunate in having ample parking otherwise at the club.

## MURDER MYSTERY EVENING
