Suit Quality Overcall Test (SQOT)– Number of cards in long suit + number (not hcp value) of honour cards (including the TEN) must be equal or greater than the number of tricks required for the bid.

Responding

With 3+ card support BID TO THE LEVEL OF THE FIT even if weak (Preemptive)

With support and strength (10+ HCPs) *use UCB (see below)*

Without support and 0-8 pts PASS

Without support and 9+ pts bid own 6 Card Suit (or Very Good 5 card suit)

With balanced hand & STOPPER in openers suit:

Bid 1NT with 9-12 pts; 2NT with 12-15 pts & 3NT with 15+ pts

If partner **overcalls at the two level** they are showing **10+ PTS** and responses can be adjusted accordingly.

Unassuming Cue Bid (UCB)

A bid of the opponents suit after an overcall shows support for overcallers suit and strength (10+HCPs) and is a forcing bid asking the overcaller to describe his hand further.

In response, the overcaller should rebid his suit cheaply if he is weak (7-10 HCPs) or try to describe his hand further if he has 11 or more points - i.e. bid another suit, bid no trumps (needs a stop in openers suit) or make a jump bid in the original suit.

4th Seat Overcall (after 2 passes)

At the ONE level 7+ pts & good 4 card suit with 2 Honours OR 5+ card suit WITHOUT QUALITY

At the TWO level 9+ pts & 5+ card suit WITHOUT QUALITY

With a Balanced Hand of 12-14 pts & STOPPER in opener's suit - bid 1NT.
