

## **Ladies Bowls Section report 2023**

2023 was a very disappointing season for the Ladies Bowls Section.

The reason was not being able to field full teams for more than a few games and cancellation of games due illness/injury or inclement weather.

On a very good note the Ladies are looking forward to this coming season 2024 as there has been an influx of 9 new members to the section who are established Bowlers with four of them being current Welsh International players.

It is unprecedented for the Ladies Bowls Section to have so many members join in one season.

Hopefully the Ladies section will have a more positive and successful season.
