

A Guide to Playing at CBC in the next few weeks:

Face to face bridge is restarting at the club on Thursday 2nd September. Initially Tuesday evening and Thursday afternoon only, with all other sessions continuing online. The situation will be reviewed as required.

The Penylan Management Committee recommend that you are doubled jabbed before you come to the Club. Please do not come if you are feeling at all unwell.

1. Booking in – We will operate a cashless system so you need to book online via Spade tickets: <https://spadetickets.com/penylan/>. We will help you to do this, you are not on your own. *If you have any problems using this system, or if you wish to discuss an alternate method of payment, please contact Brian Quinlan (07754 589527 or Brian.Quinlan@hotmail.com).* (Sessions are currently limited to 8 tables).
2. We will have a one-way system in operation to enter and leave the playing room to minimise personal contact.
3. Please use the hand sanitiser provided after removing outdoor clothing and before you sit at the table. If you leave the table (e.g. for the bar or toilet) please re-sanitise your hands.
4. Masks are not mandatory, but please have one handy in case another Member requests that masks are worn at their table.
5. To keep the room well ventilated the Tournament Director will open the windows as much as possible, so please dress with this in mind.
6. Please take your bidding box with you if you are a moving pair.
7. At the table only the scorer (usually North) should handle the Bridgmate. They should allow East or West to check the score before accepting it.
8. The kitchen will be closed for the time being, so please bring refreshments (non-alcoholic) with you. The bar will be open on Tuesday evenings until 10.30.
9. At the end of the evening please return all bidding boxes, Bridgemates and table numbers to the table at the far end of the bridge room and wipe over with antibacterial wipe.
10. All boards and bidding boxes will be quarantined for at least 72 hours after use.
11. **If you develop Covid symptoms after playing at the Club please ring 02920 491865 as soon as possible during Bar Opening hours (these are available on the Club website). All members present at the Club during that session will be notified and recommended to arrange a Covid-19 test.**
