

# Getting To Know You

Meet Maureen Morgan.

Husband Colin and I moved here in 1993 from the Chicago suburbs. I was what we used to call a “data processing professional,” finishing at a major loop bank holding company. Widower Colin had a pre-teen and a teenager when we married. They have been my children for 40 years and have given us 4 (now adult) grandchildren. I am playing in our club virtual game now, also in the ACBL games occasionally. Some of my partners are reluctant to play online, so it’s basically my boyfriends (Andy, Dwight and Roland) that are stuck with me. I’m looking forward to when we can safely play face to face once again. I miss my other partners!

I often joke that it took me 17 years to become a life master because I didn’t travel to tournaments. But I did it, thanks to a great team over a couple of Hot Springs Regionals, so never give up!

I’m quite involved in many aspects of HSV life. I volunteer at the HSV Chamber, and serve on committees and boards for the HS/V Symphony Guild, HSV Community Foundation, POA Recreation Committee (and probably others that I’m forgetting right now). I’ve participated in several HSV Players shows, mostly musicals. I’ve sung with the Village Chorale, and currently sing with Cedar Mountain Singers and Voices Rising. I hope that one day soon the Village Big Band will resume so that I can continue as “girl singer.” I am a Cantor/Leader of Song at Sacred Heart Church, and a member of Ladies of the Sacred Heart.

Although not for several years, I have been a member of VCC committees, including Nominating, Conduct and Ethics, and Tournaments.

I hadn’t played bridge for many years when we moved to HSV. Taking the lessons and playing in Bridge Plus followed by the other games enabled me to meet many wonderful people who have become good friends. And hopefully it has kept my mind as sharp as possible too!
