

CHEATING

Message to all those playing online on CBAI BBO platform to be communicated to all players and published on club websites

Because of the prevalence of unethical and dishonest behaviour by a small minority of online bridge players, the CBAI has asked the club to remind you about requirements for ethical behaviour at all times. There are daily reports of people perceived to be deliberately **CHEATING** when playing online. All members should be in no doubt that the CBAI is taking this issue extremely seriously and there will be consequences for anyone found to be cheating.

Club TDs or Online Managers should endeavour to ensure that all players are aware of what actions are acceptable and which are definitely not – e.g. providing explanations in the chat area for partner to see as well as opponents is **NOT** acceptable, the alert area only should be used

Clubs playing on the CBAI platform are required to note the following:

1.	All players must enter their real names in their user profile. Preferably enter both names but a Christian name only is acceptable
2.	If visitors are playing in a club the club must have the visitors' CBAI affiliation number
3.	No unaffiliated players may play on the CBAI BBO platform
4.	Local Master Points will be awarded in accordance with the CBAI Master Point Scheme for all events.

The following instructions to be issued to all people playing on the BBO CBAI platform -
