

CBC Treasurer's Report for 2021-22

Funds are very healthy due to most games still being played on-line and not F2F.

During the year we moved from a mix of BBO and RealBridge platforms to playing solely on RealBridge. We played F2F at Hamptons for a few weeks and expenditure for this exceeded income due to the small number of tables in play.

Insurance

Less paid this year as moved to EBU and the annual renewal date has changed.
